## Scourged by Grip.

The Awful Pestilence now Sweeping Over the Country Leaves Death and Despair in Its Wake.

## Greatest Danger in Its After Effects

Leaves Its Victims Weak, Exhausted, Broken Down in Health—Plants Seeds of Future Suffering and Disease.

There are two results of grip which are seldom absent, and which cause more misery and suffering than all the other after effects combined. They are nervous prostration and heart disease. The heart is called upon to make an extra effort just at the time when its own vitality is lowest. The result is heart strain. Dr. Miles' famous remedies, the New Heart Cure and the Restorative Nervine are perfectly adapted to remove the after effects of the grip. They go straight to the cause of the trouble, and lay the axe at the root of disease.

J. W. Tollman, Long Beach, Wash., writes: "Eight years ago I had a violent attack of LaGrippe which left me with nervous dyspepsia, a weak heart, and general loss of vitality. I could not rest or sleep, nothing which I ate agreed with me, my heart fluttered, was short of breath, circulation was weak, feet cold, and I ran down in flesh. Was treated for two years by the best talent on the coast, with no signs of improvement. Hearing of the great results accomplished by Dr. Miles' Restorative Remedies I decided to try Nervine and New Heart Cure. The effect was marvelous and in a short time I was a well man."

All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottle benefits or money refunded. Be sure you get Dr. Miles' Remedies. Take nothing else. Write us about your troubles and ailments and we will give you the best advice of a trained specialist absolutely free. Book on heart and nerves sent free.

## A PRONOUNCED MOVE

Looking to a Compromise on the Army Reorganization Bill.

## FEAR OF EXTRA SESSION

Causes a Desire Among the Leading Senators to See the Army Bill Out of the Way—Chairman Hawley Opposed to Any Compromise—Senator Proctor Against the Hull Bill.

Washington, Feb. 18.—There was a pronounced movement in the senate yesterday looking to a compromise on the army reorganization bill. The movement originated with several Republican senators, who advanced the opinion that a compromise was preferable to an extra session of congress. The Calkins bill was accepted by them as the first advance on the part of the Democrats toward an understanding, and many felt that they would go further in that direction in case the Republicans should indicate a willingness to meet them half way. The movement grew wholly out of the desire to avoid a special session and was participated in by some of the Republican leaders.

When the matter was brought to the attention of Senator Hawley, chairman of the committee on military affairs, he gave it no countenance whatever, declaring that he was not willing to yield anything. He was critical of the Calkins bill, finding especial fault with its provisions for natives of the new possessions in the American army. He announced his purpose to stand by his notice to call up the bill reported by the Republican members and insist upon consideration on that basis and that only. Other Republican members of the committee did not appear so decided.

Senator Proctor, who does not support the house bill, is expected to return to the city today and there will then be a majority of the committee antagonistic to the bill. The Democratic senators generally assume an appearance of indifference, but the indications are that they will make some concessions. It may be stated, therefore, that while no compromise has been reached, good progress has been made toward reaching one.

**FIFTY-FIFTH CONGRESS**  
The Sundry Civil Appropriation Bill Passes the House.  
Washington, Feb. 18.—The house yesterday finally passed the sundry civil appropriation bill, to which it had devoted over a week. No important amendment had been adopted. The speaker's ruling upon the motion to reconsider the bill, with instructions to incorporate in it the Nicaragua canal amendment, was sustained—155 to 96.  
The naval appropriation bill was taken up and over half the bill was completed during the remainder of the day. There was no general opposition to the measure, although it carries \$44,000,000, being \$8,000,000 more than the largest

naval appropriation bill ever passed by congress.

A bill was passed authorizing the president to appoint five additional cadets-at-large to the Naval academy. During the course of the brief debate upon the bill it developed that one of these cadetships was to go to a son of Captain Gridley, who commanded Admiral Dewey's flagship at the battle of Manila, and another to a brother of Ensign Worth Bagley of North Carolina, the hero of the torpedo boat Winslow's encounter with the masked batteries in Cardenas harbor, Cuba.

The senate adopted a resolution yesterday instructing the vice president of the United States, as president of the senate, to express to the government and the people of France the sympathy of the senate in the bereavement that has fallen upon the French republic in the death of President Faure.

The naval personnel bill for which the navy department has been contending for so many years, was passed by the senate yesterday afternoon. It was under discussion for several hours, but was passed practically in the form in which it was reported by the senate committee.

Mr. Fairbanks (Ind.), presented the credentials of Albert J. Beveridge, elected a senator from Indiana to succeed Mr. Turpie for the term of six years beginning March 4, 1899. The remainder of the day was devoted to private pension bills.

**COURT OF INQUIRY**  
Will Visit Packinghouses in Western Cities.  
Washington, Feb. 18.—It is learned that the court of inquiry has practically determined to visit the packinghouses in western cities from which beef was furnished. The pilgrimage will take in Chicago, South Omaha, Kansas City and perhaps St. Louis.

Some of the officers whose reports General Miles has placed with the court are now in the Philippines. Their testimony will not be sought. Of course they could not be ordered here and the taking of their depositions would be attended with too much delay and inconvenience. It was pointed out by a member of the court that their testimony would be cumulative and therefore really unnecessary since it would be in accord generally with what would come from officers who are accessible. The depositions of a number of officers now in Cuba will be taken.

**PACIFIC CABLE.**  
Senator Frye Proposes to Encourage One With a Subsidy.

Washington, Feb. 18.—Senator Frye has introduced an amendment to the sundry civil appropriation for the encouragement of a Pacific cable. It provides for the payment of a subsidy not exceeding \$100,000 a year for 20 years for a cable from some point in the United States on the Pacific coast to Hawaii, Guam, the Philippines, Japan and China. The contract to be let to an American company and to the lowest responsible bidder. The contractor is to be required to have his cable laid to Honolulu by July 1, 1900, and to Manila by Jan. 1, 1901. The details of the matter are to be placed in the hands of the postmaster general and messages of the United States are to be carried free forever. The government is authorized to take possession of the line in case of war, and in certain other contingencies is to own the line.

**NO MORE MUSTEROUTS.**  
Of General Officers Until the Termination of the War.

Washington, Feb. 18.—There will be no more musterouts of general officers of the army, except in cases of individual requests, pending the formal termination of the war through the exchange of ratifications of the peace treaty. It is stated at the war department that by the order of Thursday, mustering out two major generals and six brigadier generals, the number of general officers was brought down to the minimum; the number absolutely necessary to command the 96 volunteer and regular regiments composing the United States army at present. These general officers now include 15 major generals and 26 brigadier generals.

**To Pay Spain \$20,000,000.**  
Washington, Feb. 18.—Two bills were introduced yesterday by Spain \$20,000,000 provided for in the Paris treaty. One by Representative Cannon is in the terms of the paragraph which was eliminated from the sundry civil appropriation bill. The other was introduced by Representative Gillette of Massachusetts, and in addition to the appropriation contains a second section substantially in the language of the McEnery resolution passed by the senate. The third section is the same as the Bacon resolution, offered as an amendment to the McEnery resolution, and which was defeated by a tied vote in the senate.

**All Well Abroad.**  
Washington, Feb. 18.—Consul Sprague at Gibraltar has cabled the war department that the United States troop transport Sherman, with 1,800 reinforcements for General Otis at Manila aboard, has sailed from that port for Port Said. All well abroad.

**Superintendent of Indian Schools.**  
Washington, Feb. 18.—The secretary of the interior has appointed John D. Benedict of Danville, Ill., to be superintendent of schools in the Indian Territory, at \$3,500 per annum, in the Curtis law.

**Addressed the G. A. R.**  
Boston, Feb. 18.—President McKinley yesterday addressed the Massachusetts department of the G. A. R., who were in annual convention, and later delivered an address before the legislature in joint session. Late in the afternoon the presidential party returned to Washington.

## BRIDGE CONTRACTS

Senate Passes Bill Requiring Them to Be Filed With County Auditor.

## SEVERAL MEASURES FAIL

Of Passage in Lower House, Among Which Was the Candidates' Expense Bill—Cregor-Stoner Contest Ends in Favor of the Former—General State News.

Indianapolis, Feb. 18.—Probably the duller day of this session of the legislature in point of news was yesterday. Most of the time was taken up in advancing bills to second and third readings, and in passing bills of minor importance.

The bill to prevent boards of county commissioners from granting franchises of the public highways to electric railway companies failed in the house.

The bill to do away with the state sanitary commission and vest their powers in one man, to be styled state veterinarian, failed to pass the house. The bill advocated the change only from point of economy.

The bill to require all candidates to file within 10 days after an election a sworn statement of their campaign expenses with the county auditor, failed to pass the house.

The bill to include contracts for bridges in the list of contracts, specifications and bids to be filed with the county auditor and open to inspection, passed the senate. The bill is intended to wipe out the frequent scandals which arise over bridge contracts.

The bill requiring all companies not organized as banks, but who are engaged in the business of lending or receiving money, and buying bullion, bills of exchange, notes, bonds, stock, etc., to file an annual report with the assessor, failed in the house.

The senate passed the bill creating judicial circuits of the counties of Bartholomew and Decatur, Brown and Johnson, and Rush and Shelby, and also the bill giving the council of Evansville the right to terminate franchises when the public good demanded it.

**Cregor-Stoner Contest.**  
Indianapolis, Feb. 18.—Senator Gilbert, chairman of the senate elections committee, yesterday announced that Senator Cregor, the Democratic defendant in the contested election case between himself and Elmer E. Stoner (Rep.), for the joint senatorship of Madison, Hancock and Rush counties, would not be unseated. This announcement was made only to newspaper reporters, though in positive terms, and the official verdict will probably not reach the senate before the end of the session.

**CRIMINALLY ASSAULTED**  
Body of a Young Girl Found in the Wabash River.  
Riversdale, Ind., Feb. 18.—The body of Janie Moore, 16 years old, was found frozen in the ice of the Wabash river near here. A week ago she left the Warren county side of the river, where she had been employed, to go to her home. When the body was found the mouth was full of dry grass, her hands were clasped grass, her clothing was gathered about the waist and the flesh on the left side of her face had been eaten away. A bruise on the right cheek indicated that she had been struck down. A coroner's investigation disclosed that she had been the victim of a criminal assault. Certain parties here are under suspicion.

**Pensions Granted.**  
Washington, Feb. 18.—Pensions have been granted to Indians as follows: Original—John B. Cook, Washington, \$8; Isaac J. Decker, National Military home, Grant, \$8; Thomas H. Boyd, LaPorte, \$8; James Shinnabarger, Sedley, \$10; Charles King, Richmond, \$8; William B. Parker, Ogden, \$8. Original Widows, Etc.—Laura L. Darby, Colletts, \$8; Lydia A. Zarr, Union Mills, \$8; minors of Isaac Arnold, Spurgeon, \$16; minors of Henry Tom, Goshen, \$10; Sarah Hand, Metz, \$12; Mary A. Jester, West Baden, \$8; Ann M. Myers, Napoleon, \$8; Dorcas A. Lewis, Indianapolis, \$8. Mexican War Widow—Sarah E. Albright, Flora, \$8. Additional—William Duncan, Monon, \$8 to \$12; Thomas J. DeBolt, St. Paul, \$6 to \$12.

**Surprised His Audience.**  
Huntington, Ind., Feb. 18.—Rabbi Emil G. Hirsch of Chicago lectured here on "Facts and Fiction About the Jews," and in his talk surprised the immense audience by declaring that the trial and crucifixion of Christ was in direct violation of Jewish law, and that the Jews were not in any manner responsible for the tragedy of His death. He declared that the Jews had no part nor interest in it, and that they had not rejected Christ.

**Prominent Attorney Dead.**  
Lebanon, Ind., Feb. 18.—Michael Keefe, a prominent lawyer of this city and partner of Hon. Samuel M. Ralston, died yesterday. He served as deputy county clerk for eight years, was president of the Bar association and a member of the I. O. O. F.

**Shot Himself.**  
New Albany, Ind., Feb. 18.—William Herbert shot himself, probably fatally, in his father's store late yesterday. He has been suffering from grip for two weeks. Yesterday he complained of severe pains in his head.

**THE GRIP CUR THAT DOES SURE.**  
Laxative Bromo Quinine tablets remove the cause that produces La Grippe. The genuine has L. B. Q. on each Tablet. 25c.

## NATURAL GAS EXPLOSION.

Demolishes One Building and Fires Another Which Is Destroyed.

Greentown, Ind., Feb. 18.—An explosion of natural gas here totally destroyed the large brick building occupied by Henry & Willents, grocers. Fire broke out in the ruins and soon spread to Holliday's hardware store and building and contents were consumed. The I. O. O. F. hall across the alley was badly damaged. The force of the explosion broke all the windows within a radius of one block, and greatly damaged a number of buildings. Fortunately no lives were lost. The loss is \$15,000.

**George Green Indicted For Murder.**  
Jeffersonville, Ind., Feb. 18.—George Green has been indicted by the grand jury for the murder of his wife last December. The assassination of Mrs. Green was a coldblooded affair, she being called to her door after midnight and shot down without warning. It is alleged that jealousy prompted the act.

**Killed His Brother-In-Law.**  
Jeffersonville, Ind., Feb. 18.—George Walker shot and killed his brother-in-law, Marcus Johnson, near this city, during a dispute over a piece of land. The murderer escaped. His home is in Jeffersontown, Ky.

**NO CHEMICALS**  
Found in Beef Sent to Porto Rico. Heat Probably Spoiled It.

Chicago, Feb. 18.—Samples of the canned beef American soldiers in Porto Rico and Cuba said was unfit for food, furnished by Alfred E. Zinke, Second Wisconsin volunteers, have been tested chemically and analyzed with respect to fitness for food by chemists employed by the Chicago Tribune. The result of these analyses show that in the cans submitted there was no trace of either borax or salicylic acid or any other chemical preservative in the meat aside from salt and that the high temperatures of the Cuban, climate in all probability, accounted for its apparent unfitness for food when opened by the soldiers.

**LORD BERESFORD**  
The Distinguished Britisher Arrives in Chicago Enroute to Washington.

Chicago, Feb. 18.—Lord Charles Beresford arrived in Chicago yesterday afternoon. At the Northwestern station he was met by representatives of the Commercial club and driven to the Auditorium hotel, where he will be domiciled until his departure for Washington.

Lord Charles talking of the Philippine dispute, further said: "Whatever the American people do with the matter you may depend upon it will be for the best interests of the American people and not without due regard for the welfare of the islanders."

**Law Is Constitutional.**  
Springfield, Ill., Feb. 18.—The supreme court has affirmed the judgment of the lower court in the case of the city of Chicago against the Manhattan Cement company. The cement company had a consignment of cement in a car on a siding in Chicago during the railroad riots in July, 1894, which was destroyed by the burning of the car. They recovered three-fourths of its value from the city of Chicago, from which judgment the city appealed. This decision establishes the constitutionality of the law.

**The Shock Killed Him.**  
Napoleon, O., Feb. 18.—During the recent cold snap William Garver, who lived alone, fell against a red-hot stove, burning his limbs and side to a crisp. He staggered out of the house and the following morning his body was found partly frozen. Yesterday Garver, at his own request, was allowed to see the frozen and burned portion of his body, and at the sight gave a terrible shriek and fell back dead.

**Entertained the Iowa's Sailors.**  
San Francisco, Feb. 18.—The officers and men of the battleship Iowa were the guests of Mayor Phelan last night at the Orpheum theater and after the performance the sailors were entertained at supper by the mayor. The sailors, wishing to reciprocate the courtesy of Mayor Phelan, have arranged to give a vaudeville performance on board the Iowa on Feb. 22.

**Treasury Statement.**  
Washington, Feb. 18.—The statement of the condition of the treasury shows: Available cash balances, \$271,468,600; gold reserve, \$237,351,265.

## SPRING TRADE

Bradstreet's Report on Conditions Existing in the Business World.

New York, Feb. 18.—Bradstreet today says: Following the long continued cold wave come reports of reviving spring trade and of efforts to ascertain the extent to which material interests have suffered. All things considered, the damage so far indicated has proved less serious than might have been expected in view of the severity of the visitation. Exception is of course made in the case of the winter wheat crop, from which trustworthy reports as to damage are not forthcoming at this early period of the year. From the south come reports of damage to the growing fruit and vegetable crops.

Satisfactory reports of a resumption of spring distribution come from the west, induced by a considerable rise in temperature, and a good volume of business is reported in the east and in the middle states as a result of the receipt of delayed mail orders, though transportation is still interfered with.

Receipts of livestock have been checked at western centers, but re-estimated losses of cattle do not much exceed 15 per cent, ranging downward to as low as 5 per cent and this only in the case of cattle on the range.

A satisfactory business appears to be doing on the Pacific coast and export business is fairly active. San Francisco reports considerable conservatism among merchants on account of dry weather.

A good volume of business has been done at New York and Boston following the stormy weather, and business in dry goods, particularly cottons, has been fairly active, with values firm or tending upward. A better business is reported in dress woolsens also, and an improvement is even reported in men's goods for fall delivery.

**AL JENNINGS**  
College Graduate and Lawyer Convicted of Train Robbery.

Oklahoma City, O. T., Feb. 18.—Al Jennings, graduate of the law school of West Virginia University and former prosecuting attorney of Canadian county, O. T., was convicted of train robbery in the federal court here last evening and sentenced by Judge Hosea Townsend to life imprisonment in the federal penitentiary at Columbus, O.

Jennings was convicted of the robbery of a Rock Island express train at Chickasha, I. T. The train was robbed in mid-day and a trainman was mortally injured by the robbers. The gang of which Jennings was the leader has been charged with numerous holdups and robberies.

**PITCAIRN ISLAND**  
The Great Destitution Reported to Exist There Not Apparent.

San Francisco, Feb. 18.—The British ship General Roberts has arrived here from New Castle, N. S. W. On the voyage from Australia the vessel stopped at Pitcairn island for fresh water and provisions, and instead of finding the great destitution reported several months ago as prevailing on the island, the Roberts found the inhabitants well supplied with the necessities of life. Three of the islanders, Thomas Christian and Henry Christian and wife, wished to visit this country and took passage on the Roberts. They are descendants of Master Mate Christian, who led the mutineers of the Bounty. The islanders report everything progressing satisfactorily on the island.

**UNION REFORM PARTY**  
To Meet in Cincinnati on March 1 and 2 Next.

Cincinnati, Feb. 18.—R. S. Thompson, president of the Union Reform party of Ohio, was here yesterday making arrangements for the national conference of the party to be held in this city March 1 and 2. He says nearly 2,000 delegates are expected from 15 states. The Kentucky Populists have notified Mr. Thompson that they will probably adjourn their convention in Louisville Feb. 27, and meet here. The Reform Press association of Texas will do likewise. Mr. Thompson says it is the expectation to form a national party pledged to the theory that the people shall govern themselves by direct legislation.

**DEAD BODY**  
Found in a Box in an Adams Express Office.

Cincinnati, Feb. 18.—The agent of the Adams Express company at Baldwin, O., upon instructions from the company has opened a box that had lain in the office undelivered for 11 months, to find that it contained a human body. The box was addressed to Dr. Emerick, who has not lived at Baldwin for 12 years, and with whom communication has been lost. The coroner has been notified and an investigation will be made with small hope of identifying the remains. Baldwin is a small village on the Cincinnati, Portsmouth and Virginia road, some 80 miles from Cincinnati.

## CZAR IS IN EARNEST

Ex-Ambassador Hitchcock on Russia's Recent Peace Proposition.

New York, Feb. 18.—Ethan Allen Hitchcock, the retiring American ambassador, recently appointed by President McKinley United States secretary of the interior, arrived yesterday from abroad on the steamship Tarentine.

Asked for some information concerning the czar's peace proposition, he said: "He is perfectly sincere, and in the call of the conference has taken the first step towards the abolishment of militarism. He, of course, does not make any requests for disarmament, for the present, but when the conference meets it is the most likely thing in the world that the one who called the meeting will be asked what he proposes to do. Then suggestions will be in order and, of course, the plan will be thoroughly discussed, and perhaps counter suggestions will be made. In this way a scheme will be devised, and I have confidence that much good in the direction of a permanent peace between the nations will be reached. The calling of the conference is the first move in that direction."

Secretary Hitchcock will assume his new duties immediately on reaching Washington.

## TICKS FROM THE WIRES.

Five thousand photographs of the Duo D'Oleons have been seized on the French frontier.

Steamers sailing from New York for Europe today will carry out 1,340,000 ounces of silver.

President McKinley has granted a pardon to John R. Jacobs, a Choctaw Indian, convicted of murder in 1883.

Red Silk, the pacer, with a record of 2:10, was sold at the Madison Square horse sale to Marcus Daly for \$1,100.

S. M. Hopkins, auditor of Oklahoma territory, has been sent to jail for refusing to produce his books before a legislative investigation committee.

The annual conference of the National Association of Rabbis has been transferred from Boston to Cincinnati and will occur March 15.

The easton pipe combine has been completed under the title of "The United States Foundry company," having secured the Adirondack Pipe and Steel company of Cincinnati.

Dupuy Declines.

Paris, Feb. 18.—M. Dupuy declines to enter the political contest against M. Loubet. In view of the apparently united support of the senate and M. Meunier's withdrawal in his favor, it was generally thought last evening that M. Loubet's election is almost assured.

**SYRUP OF FIGS**  
NEVER IMITATED QUALITY

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. A genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not grip nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

SATURDAY, FEBRUARY 18, 1899

THERE is yet some important business to be done before the adjournment of the legislature. No time should be wasted.

W. M. Moss, who conducted the Bloomfield Democrat for about twenty years has sold the plant and business to R. McNeil, former proprietor of the Spencer Democrat.

Let no member of the legislature be deceived by those of his constituents who, themselves, have been imposing on the taxpayers of their own counties. The people should be consulted not those who have been taking advantage of the people. The reform bills should be passed in accordance with the will of the people.

ALREADY the suit for damages against Sheriff Gobin, of Scott county, is attracting wide attention. The plaintiff will endeavor to show that the sheriff did not exert himself to prevent the lynching of Marion Tyler. The evidence gathered by the grand jury and by the coroner, it is intimated, is not such as will prove that the sheriff used means at hand to protect the prisoner as was his duty. What the real facts are we do not know, but there must be some strong evidence in support of the plaintiff's claim, else the suit would not have been brought, neither would such attorneys as Miller, Winter and Elam taken employment in the case. Whatever may be the outcome of the case may be we believe the bringing of the suit will do some good.

### "Paying Out the Stuff."

Series C of the Co-operative Building and Loan Association has matured and the share holders in that series are wearing smiling countenances as they carry away the secretary's check for the amount due them. Over \$27,000 is being paid out to those share holders today, which means a great deal to those who have been thus saving their money.

Mrs. Charles Smith, of Freetown, is very sick of congestion.

### For Clever Calculation!

The table below is made up from the official records of the local weather bureau and give the aggregate rainfall for each month from December 1, 1887 to February 1, 1899. The questions that follow are designed to bring about some interest and profitable calculation. Let the pupils of the school, especially, study these figures, then work out the answers to the questions that follow.

What is meant by an inch of rainfall? How many gallons to each acre of land does the aggregate given in the table equal?

1. To the first pupil in any grade in the city schools who, unaided, makes the calculation, and submits a correct answer to the latter question, the Weather Observer will give a handsome prize.

2. To the youngest pupil in the city schools who unaided, first submits a correct answer to the same question, the Weather Observer will also give a handsome present.

3. To any pupil in the city schools who, unaided, first calculates and submits the weight of this total amount of rainfall from December 1, 1897, to February 1, 1899, on each square foot, the Republican will give a large volume of Tennyson's poems.

Make your solutions neat, plain and as concise as possible and in your own hand writing. Enclose and seal the same in an envelope addressed "Weather," and bring to the REPUBLICAN office, where the day and hour of filing will be marked on the outside.

Competition now opens to close at noon, February 24

### Legislative Comment.

Senator Lambert's bill to put Bartholomew and Decatur in a judicial circuit, Johnson and Brown another, Shelby and Rush another, has passed the Senate.

## Bad Digestion, Bad Heart.

Poor digestion often causes irregularity of the heart's action. This irregularity may be mistaken for real, organic heart disease. The symptoms are much the same. There is, however, a vast difference between the two; organic heart disease is often incurable; indigestion is curable. If good digestion be restored, the heart will be restored.

A case in point is quoted from the New York Herald. Mrs. Ellen Colburn, of Greensburg, Ind., a woman years of age, had suffered for four years with indigestion and heart trouble. The cases of indigestion and heart trouble are often confused, and caused an irregularity of the heart, and caused a frequent and severe choking spells which were most severe at night. Doctors were tried in vain; the patient became worse, despondent, and feared impending death.

A Case of Heart Failure. She was much frightened and noticed that in intervals in which her stomach did not annoy her, her heart's action became normal. Reasoning correctly that her proper medicine lay in the stomach, she tried to treat the heart by treating the stomach. Her appetite came back, the choking spells became less frequent and finally ceased. Her weight, which had been greatly reduced, was restored and she now weighs more than for years. Her blood soon became pure and her cheeks rosy.

The case is of general interest because the disease is a very common one. That others may know the means of cure we give the name of the medicine used—Dr. Williams' Pink Pills for Pale People. These pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves.

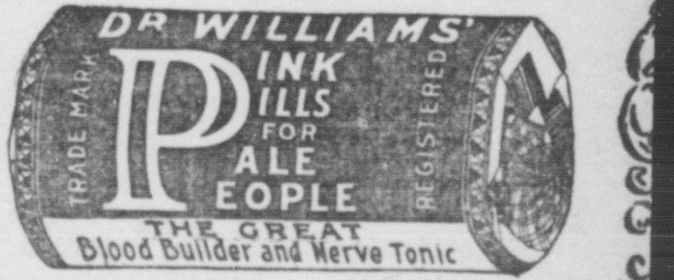

posed) may give temporary relief, but Dr. Williams' Pink Pills for Pale People afford a permanent cure. You do not have to take the pills indefinitely. Beware of imitations and substitutes. If your druggist does not sell the genuine you can obtain them from the Dr. Williams Medicine Co., Schenectady, N.Y. Sent postpaid on receipt of price, fifty cents per box; six boxes, \$2.50. A booklet telling how to cure Constipation without medicine, sent free.

## The Natural Cure for Indigestion

Does your stomach distress you after eating? Do you have a yellow tongue, bad complexion, bad taste in the mouth? Do you suffer from wind on the stomach? Constipation?

These things arise from Indigestion and Dyspepsia. Digestion depends on the regular supply of digestive fluids or "ferments" secreted by certain glands. When the secretion becomes insufficient or irregular, Indigestion follows. Dr. Williams' Pink Pills for Pale People cause these glands to resume their normal action and good digestion results.

Artificial ferments (of which most so-called Dyspepsia cures are composed) may give temporary relief, but Dr. Williams' Pink Pills for Pale People afford a permanent cure. You do not have to take the pills indefinitely. Beware of imitations and substitutes. If your druggist does not sell the genuine you can obtain them from the Dr. Williams Medicine Co., Schenectady, N.Y. Sent postpaid on receipt of price, fifty cents per box; six boxes, \$2.50. A booklet telling how to cure Constipation without medicine, sent free.

## Priceless Pain

"If a price can be placed on pain, 'Mother's Friend' is worth its weight in gold as an alleviator. My wife suffered more in ten minutes with either of her other two children than she did with this one. 'Mother's Friend' is a blessing to any one expecting to become a mother," says a customer.

Thus writes Henderson Dale, Druggist, of Carmi, Ill., to the Bradfield Regulator Company, of Atlanta, Ga., the proprietors and manufacturers of "Mother's Friend." This successful remedy is not one of the many internal medicines advertised to do unreasonable things, but a scientifically prepared liniment especially effective in adding strength and elasticity to those parts of woman's organism which bear the severest strains of childbirth.

The liniment may be used at any and all times during pregnancy up to the very hour of confinement. The earlier it is begun, and the longer used, the more perfect will be the result, but it has been used during the last month only with great benefit and success.

It not only shortens labor and lessens the pain attending it, but greatly diminishes the danger to life of both mother and child, and leaves the mother in a condition more favorable to speedy recovery. "Mother's Friend" is sold by druggists at \$1.00, or sent by express on receipt of price.

Valuable book for women, "Before Baby is Born," sent free on application. THE BRADFIELD REGULATOR CO., Atlanta, Ga.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case fails to cure. Send for circulars and testimonials.

## DIED.

HARTON—Last evening at 7 o'clock Mrs. Millison A. Harton died at the home of Mr. and Mrs. Charles E. Miles on St. Louis avenue. She was stricken with paralysis many years ago and from that she never fully recovered. For ten years she had been almost helpless. Mrs. Harton was born August 28, 1824, making her age past 77 years. In 1854 she was married in Cincinnati to John Harton, who died only a few years ago. Soon after their marriage they located in Seymour and he became the local agent for the O & M. railroad. For over forty years Mrs. Harton had lived in the house where she died. Her long residence in Seymour and her exemplary christian life made for her many loving friends. She was a charter member of the Presbyterian church here and always took great interest in religious work. Three children, Mrs. C. E. Miles and Jos C. Harton, of this city, and Chas. B. Harton, of Los Angeles, Cal., survive.

Funeral from the house Sunday afternoon at 1:30 conducted by Rev. J. T. Charlton. Interment at Riverview.

HACKMAN—George Hackman, one of the best known and most wealthy citizens of Grassyfork township, died at his home near Wegon Thursday, Feb. 16, of consumption aged about 64 years. He leaves a family.

## Wanted an Easy Place.

One of the most influential men in public life twenty years ago, received a letter from a boy asking if he would not find him an easy place. This was his reply: "You can't be an editor. Do not try the law. Do not think of the ministry. Let alone all ships, shops and mercantiles. Abhor politics. Don't practice medicine. Be not a farmer or mechanic. Neither be a soldier or sailor. Don't work. Don't study. Don't think. None of these are easy. O, my son, you have come into a hard world. I knew of only one easy place in it. That is the grave.—New Albany Tribune.

## The Modern Way.

Commends itself to the well-informed to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unpleasant after effects, use the delightful liquid laxative remedy, Syrup of Figs. Made by the California Fig Syrup Co.

"A Howling Success."

Wherever properly introduced Dr. Caldwell's Syrup Pepsin, as a cure for constipation, has met with a phenomenal sale. Many druggists cannot say enough in praise of its merits, as well as its great popularity with the people. In 10¢ trial size and also in 50¢ and \$1.00 sizes, of A. J. Pellens druggist.

## Give the Children a Drink.

Called Grain-O. It is a delicious, appetizing, nourishing food drink [to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/2 as much as coffee. 15¢ and 25¢.

A few pairs of 15 cent rubbers still left. Sizes 2 1/2, 3 and 3 1/2 at Ross' removal sale.

Don't forget the date of "The Charity Ball" at the opera house February 22.

There's "something in it" sure enough if you buy a sack of Blish's Flour—more if you buy a barrel.

**WINE OF CARDUI**  
A SURE MEDICINE.

HANDSON, VA., Dec. 11.  
I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Black-Draught have done more for me than anything else.

MRS. CAROLINE EVANS.

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the so-called cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the female organs, nothing will help you like Wine of Cardui. It helps to away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is rapid and future health is assured. The Wine is purely vegetable, being made of herbs whose medicinal properties act directly upon the organs of womanhood. It is a long-tried remedy, and has many years of success behind it. It is sure. Why take a chance medicine when you can get a sure medicine?

**Drink Grain-O.**

After you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and taste like the finest grades of coffee and costs about 1/4 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

**Express Collections.**

All of the express companies have added to the well-known features of the business the new one of making collections of bills, notes, drafts and other contracts not subject to protest, ranging in amount from \$1 to \$100. The features was introduced as an experiment by one of the companies in Chicago. It proved to be so successful that it has been adopted by all the companies and put into general practice. The claim is accepted and transacted by the express company at the uniform cost of 10 cents, no matter what the amount of the claim. If collected, the collecting office issues a money order, for which a graded charge is made, according to the amount, plus 2 cents for the revenue stamp. The money order may be cashed at the express office where it received or deposited in the bank for collection. The charges range from 7 to 24 cents making the total cost of collection from 17 to 34 cents.

**Grain-O Brings Relief.**

To the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise. 15 and 25c. per package.

**PARIS IS VERY QUIET**

**FAVORITE FOR PRESIDENT**

Said to Be M. Emile Loubet—Dead President's Body Lying in State. Whole Official World Paid Formal Visits of Condolence—Effect of M. Faure's Death on Political Parties.

Paris, Feb. 18.—Everything is very quiet in Paris. There is no danger of a coup d'etat. The favorite candidate for the presidency is M. Emile Loubet, now president of the senate. Still the ministers think that Faure's death is a misfortune at the present juncture, and this is the conventional talk. They had all looked forward to his having soon to resign; and they spoke of the possible effect of his death on the courts of Europe.

If M. Loubet be elected, European sovereigns will soon transfer to him their friendly regards. He is a good, unaffected, levelheaded man, of honest, open life, and of far more intellectual culture than poor Faure. He is an advocate, and practiced at the Montilmar bar, in the department of Drome. Montilmar is his native town.

As a precaution against a coup d'etat or any attempts of the sort the troops have been ordered to keep within barracks in all the garrisons.

M. Faure's body is lying in state in the salles des fetes of the theater built by President Carnot for concerts and dramatic entertainments. The corpse is on an inclined plane, the head being 18 inches higher than the feet. M. Faure's face was greatly convulsed during the embalming operation, but recovered later its serene expression. The body is dressed in evening coat and the immaculate, well known white waistcoat, athwart which is the broad red ribbon of watered silk of the Legion of Honor. The eyes are closed and fill out the eyelids. The hands of the color of the ivory are crossed on the breast.

A black canopy, bordered with silver braid, overshadows the couch. Previous to embalming the body lay on a brass bedstead in the president's sittingroom. Two sisters of charity watched beside it. Before the operation, which lasted an hour, took place, informal dead mass was celebrated in the Elysee chapel.

The whole official world has paid formal visits of condolence at the palace, the formally consisting in writing the visitor's name in the register. Files of telegrams from corporate bodies, personal friends, sympathizers in all parts of France, and indeed, Europe and even Asia, have arrived. The first to telegraph to Madame Faure was Emperor William, the next Prince Ferdinand of Bulgaria. The army has been ordered to go into mourning until after the obsequies.

Public events in France have a strange suddenness and take spontaneously a dramatic character. Thus M. Faure's body lies in a salles des fetes, or hall of festivities. The cards had been issued to 6,000 persons to attend a state ball next Thursday. Yesterday the tapestries of the ballroom were taken down that the room might be hung in black.

Some fatality follows the presidents of the French republic. Of the six we have had only President Grevy lived through a full term of office, and he was forced to resign by a hostile vote of parliament. Marshal MacMahon found he could not remain president with dignity. Carnot was assassinated and Faure smitten as if by thunderbolt.

M. Faure's death has calmed rather than excited political parties. The situation is grave and the people everywhere feel this.

The flood of telegrams of condolence from all parts of the world continues. Probably the most interesting are those of Emperor Nicholas, conveying his sorrow, and that of czarina; President McKinley, representing the feeling of the sister republic, and Emperor William, praying that God would grant the widow strength to bear her sorrow.

Among the most noticeable wreaths is the Kaiser's, composed of orchids and parma violets, bearing the monogram "W." surmounted by the imperial crown. In sharp contrast to this are a couple of pretty bunches of flowers, with ribbons inscribed to "Our Friend and Ally," and bearing the visiting cards of the czar and czarina, respectively.

The German colony in Paris has sent its sincere regrets to Madame Faure, with a beautiful wreath.

Count Muraviev, the Russian foreign minister, has wired the Russian government's condolence to the French minister of foreign affairs, M. Delcasse.

**Action at Washington.**

Washington, Feb. 18.—Aside from the transmission of formal assurances of sorrow and sympathy, little further action by this government because of the death of President Faure, will be taken. The president probably will instruct Minister Porter to present an appropriate floral tribute on behalf of the executive. This was done on the occasion of the death of the empress of Austria, when the offering bore the writing: "From the president of the United States—a tribute to a noble woman." On the day of President Faure's funeral it is probable that a requiem mass will be said for the dead in one of Washington's churches, invitations to which will be sent to the president, the members of his cabinet, heads of departments and congress of representatives of foreign countries resident here.

Chicago, Ill., Dec. 12, 1898.

Gentlemen:—It gives me pleasure to certify to the good effects from Paine's celery compound for my patients in general debility and liver complaints.

Andrew L. Lundgren, M. D.

Why do the ablest physicians in America openly prescribe, use and recommend Paine's celery compound?

First, because Paine's celery compound is not a patent medicine. It is not the discovery of some quack doctor of whom his profession never heard; it is not a concoction put up by some man who first invented a name, and then adopted a preparation to fit it; and it is not a secret remedy.

But it is, first, the result of the life-long study of the greatest physician America has produced, a man whose reputation was world wide years before he had ever arrived at this wonderful formula; a man who has received the highest degrees from the best colleges, who was at the time of his great discovery a professor at Dartmouth and a lecturer in other universities, a scholar and a member of a family which has made its mark in every department of public life in America.—Prof. Edward E. Phelps, M. D., LL. D.

Why do progressive and intelligent physicians of every school prescribe to any other remedy?

Because it has prolonged the lives of thousands of sufferers; it has made the sick patients well.

The best test that can be applied to Paine's celery compound is to use it. If one is "run down," feel without energy, lifeless, useless, fretful, take this great remedy, and note the change.

In its peculiar ability to at once invigorate the body, to make new blood and to regulate the nerves, lies the great value of Paine's celery compound in all wasting diseases and disorders of the kindneys, liver and stomach.

A neglected complaint, though slight at the beginning, may through neglect cause a lifetime of misery. The ringing in the ears, the backache or the general debility unless the body is braced up again, may teach one a bitter experience that disease can creep through very small holes.

Paine's celery compound stimulates the kindneys, improves the appetite and digestion, drives out any serous tendency in the blood and actively encourages the nutrition of the nerves and organs with the result that the whole body takes on flesh and color—the surest indication of improved health.

It makes people well!
